PICK WAUKEGAN OR
ALLEDALE TO WIN
JR. B. B. TOURNEYLake Villa Also Remains in
Race; to Play This
Afternoon

With excitement running high as to the probable winner, the remaining teams in the Junior basketball tournament sponsored by the American Legion go into the finals tonight.

Favor Waukegan and Allendale.

Allendale, Waukegan, Boy Scouts, and Lake Villa are the victorious teams thus far, but it is generally conceded that in the game this afternoon between Waukegan and Lake Villa, Waukegan will prove stronger, leaving the fight between Allendale and Waukegan this evening. Both are fast teams, and have piled up large scores in the tournament.

Tussock's Winners

The first game Tuesday night between the Antioch grade school and Gurnee was hotly contested throughout. The final outcome in Gurnee's favor, 14-11, surprised everyone, as Antioch had been leading at the half.

Waukegan-Boy Scouts completely crushed the Salem team, 52-8, but they were fortunate in having Nagode, a star on the Waukegan high school team, below the age limit. Johnson also played good ball.

The Antioch Midgets, in an overtime game, won from the Wilmet Junior Pirates, 15-13. Don Snyder scoring the winning basket. Marylin Van Patton and Lester Osmond Jr. also were high scorers.

Miller, high point man for Allendale, and his squad proved more than a match for the Graylake boys, despite Chad's outstanding plays.

Latest Results

Last night's winners were—

Waukegan-Boy Scouts, 33; Gurnee, 14.

Lake Villa, 18; St. Peter's Flow Weights, 9.

Allendale, 51; Antioch Midgets, 11.

The games were run off with little excitement, as the scores were not close.

With an attendance of about 200 youthful fans on the previous night, a voracious "gang" is expected tonight.

Gas Explosion
Results in Loss
of Salem Home

An explosion of a can of gasoline was responsible for the fire which completely destroyed the house of Mr. and Mrs. Andrew Feinema, of Salem, at 5 o'clock Friday afternoon. The entire contents, excepting only a few valuable insurance papers, documents and a few cans of meat, were lost.

The Antioch fire department upon arrival was powerless to save the house as the water supply had been exhausted.

Mistaken for Kerosene

The flames were started when Mrs. Feinema struck a match over a can of gasoline, which one of the children had mistaken for kerosene and brought to her, preparatory to starting the kitchen stove fire. Mrs. Feinema received burns on her face and arms in the resulting explosion.

House Was Sixty Years Old

The family at present are staying with relatives and friends, who are providing clothing. Mr. Feinema runs a milk route through the village, and since 1916 had worked the dairy farm. The house was built on the Peter Muller farm, a mile and a half southeast of Salem, about sixty years ago. The loss was partially covered by the town mutual insurance company.

Antioch Friends of
A. J. Cermak are
Elated Over Victory

Antioch friends of A. J. Cermak are elated over "Tony's" victory in Chicago Tuesday when he was elected world's fair mayor over William Hale Thompson by 101,916 votes, the largest majority ever recorded in a mayoralty election. The previous record had been held by the mayor. He won in 1915, the time of his first election, by 147,000.

Cermak, a Democrat, and president of the Cook county board, for years has maintained a summer residence at the north end of Channel Lake. He has formed many acquaintances in this locality and has important business connections here. Tony is held in high regard by his friends and acquaintances here, and Democrats and Republicans alike are proud of his successful campaign for mayor of the metropolis at this important time.

Fire Department
Called Twelve
Times In WeekDry Weather Causes Grass
Fires to Spread
Rapidly

The prevalence of grass fires during the past week has occasioned numerous calls for the fire department.

Four calls yesterday, the greatest number received in one day, included grass fires on the Armstrong farm, near the Chain O'Lakes golf course, and at C. W. Buffington's home on North Main street in the morning, at the Paschendale farm at noon, and on the James Dunn property in the afternoon.

Two trips were necessary to completely extinguish the grass fire near Al Mader's garage north of Lake Villa on Sunday and Monday, and another was made to the Heidebright farm on Route 59, Monday.

The blaze near the septic tank in the rear of S. Boyer Nelson's home grew dangerously large in the slough and required the aid of the department to control it Saturday.

The house of Andrew Feinema, Salem, was burned to the ground Friday, as the water supply had been exhausted when the department arrived.

In addition to the other fires occurring last Thursday which were mentioned in last week's issue of the News, was one in a poultry house, caused from a grass fire in the J. B. Bowles subdivision of Lake Marie, and another Thursday night in the rear of the Polka Dot barbecue stand opposite the Palace. This was believed to have been of incendiary origin, because of a can of kerosene discovered beneath the porch, and is being investigated by the state fire marshal.

Aged Grass Lake
Farmer Dies From
Paralysis Stroke

Funeral services for Joseph Yopp, 73, Grass Lake farmer who passed away at his home Sunday following a stroke of paralysis three weeks ago, were held yesterday afternoon at the Yopp home. He was stricken for the first time over a year ago.

He was born in Chicago, May 28, 1857, and came with his parents, John and Victoria Yopp, to Lake county when he was three years old, and has spent the remainder of his life on the Yopp homestead, located near Grass and Petite lakes.

July 10, 1895, he married Miss Laura Hartzell. To this union were born five children, John, Edward, Leona, William, and another who passed away in childhood. Besides his wife and children, he leaves a sister, Mrs. Hannah Klefer, of Highland Park.

Interment is in the Grass Lake cemetery.

Five to Sing Solos

About a hundred will participate in singing the eleven choruses, and five are prepared to sing solos. S. H. Dorsey, of Lake Zurich, has agreed to sing the tenor solos. Mrs. Charles Lux and Miss Olive Hanson sing soprano solos. Catherine Beltzer takes the alto solos, and E. V. Jeffers, the bass solos.

The choruses have been working steadily upon these compositions since before Christmas.

3 SCHOOL ELECTIONS
TO BE HELD HERE
SATURDAY AFTERNOONGrade and High School Directors
and Trustees to
Be Elected

Three important school elections will claim the attention of voters here Saturday afternoon when a president and two full term directors will be chosen for the grade school district, No. 34; three members for the board of education, high school district, No. 117; and one trustee for the township for three year term.

Hot Battle Seen at High School

The contest on for positions on the high school board of education is expected to draw one of the largest votes ever polled at a high school election here.

The official ballot carries the names of Frank R. King and Fred O. Hawkins, candidates for the two 3-year terms, and Mrs. Helen Osmond, candidate for the 2-year term to fill vacancy caused by the resignation of her husband, Lester Osmond, rural route mail carrier, who resigned after serving one year, because of post-office department restrictions which prevent government mail employees holding office.

The fight centers around the candidacy of Frank R. King, Antioch druggist, candidate for one of the 3-year terms. Petitions were also filed for Mr. Hawkins, for reelection, and Warren Robinson, but later Robinson withdrew, leaving King and Hawkins as the only candidates for the two 3-year terms.

The group opposing King's candidacy will write in the name of Jean Ferris as the second member to serve for the 3-year term, according to L. O. Bright, who has been serving as secretary since the resignation of D. B. Sabin.

Much idle talk, charges and counter charges, have been going the rounds, however, it is believed that voters recognize a large part of the propaganda as being without foundation in fact, and that they will disregard such stories and vote intelligently for the best interests of the school. Both groups (Continued on page 5)

KILLED WHEN
CAR OVERTURNSTruck Leaves Road When
Youth Turns to Talk
To Boys in Rear

Robert Ellis, 17, of Brass Ball Corners, Wis., was killed instantly when the truck which he was driving overturned into a ditch near the Camp Lake depot, as the youth turned his head to talk to three boys in the rear of the truck.

Ellis was pinned under the car in the ditch in three feet of water, but his death was due, not to drowning as was at first believed, but to a broken neck. The other boys were all thrown from the car, but escaped serious injury.

The boys were returning from Trevor, when the accident occurred.

Worked at Brass Ball.

Robert, the son of Mr. and Mrs. Arthur Ellis, was born in Woodstock January 23, 1914, but moved to Bristol while still young, and received his education in the Silver Lake schools. He had worked with his father at the oil filling station at Brass Ball Corners last year.

BASE BALL WEATHER
IS HERE, MILLER SAYSLast Year's Leader Makes
Call for Volunteers
On Team

Baseball weather is here and it's time to get going if Antioch is to have a team this year, according to Joe E. Miller, last year's manager of the inter-county league team here, who was in town Monday looking over the prospects of effecting an organization, either an independent team or affiliation with some league.

There is much good talent around Antioch, according to Miller, who has had a chance to judge, and the youngsters here if not given an opportunity to develop on the local lots will migrate to other teams. For that reason Miller advises early action if Antioch is to have a team this year.

Sunday, April 12, has been designated as the first practice, and all who are interested in the national pastime are requested to come to the ball grounds on Channel Lake road west of St. Peter's church at 1:30 o'clock.

INTELLIGENT VOTERS

In these days of rapid and far-reaching means of communication and the general dissemination of knowledge regarding public affairs, there is little excuse for a person going to the polls uninformed or misinformed as to the issues or the candidates involved in any election.

Time was when the political leader "ballyhooed" his way to success, depending absolutely upon the unintelligent or uninformed mass of voters to do his bidding. Even in small municipal elections many times the balloting was shrouded in secrecy and men and issues were put over with but a few votes of those on the "inside," while the mass of the voting public never even knew what it was all about.

Thus it was that political graft began—a direct result of the apathy of voters, and political offices, in many instances, were made to serve personal interests.

Today political conditions are changed—candidates and issues in elections are in the spotlight preceding the day of balloting—and intelligent marking of ballots has made the voter sovereign.

Every election, however small, merits the serious, thoughtful consideration of our voters. With a large percentage of our population depending upon politics for livelihood, or for additional personal gain, ulterior motives should be looked for in men and measures submitted to voters for approval.

Antioch voters will mark their ballots intelligently at the various elections this month, including the high school district election and the grade school election Sat-

urday of this week; also the election for a school trustee for the township, the same day; and the Antioch village election Tuesday, April 21.

SOMETHING TO THINK ABOUT

The person who, through carelessness, causes a fire is in exactly the same class as the motorist whose carelessness results in damage to the property or lives of others.

There is no such thing as an "individual fire." The deficit it creates must be paid for, in one way or another, by the entire community. When John Jones' factory burns it is not only John Jones who suffers—but all his employees, and all other property owners who must make up the taxes lost through the fire. No company has yet written an insurance policy which in the broader sense compensates for lost time, lives, opportunity, livelihood.

The citizen who allows fire hazards to go unattended in his home or place of business, who fails to take every measure that makes for fire prevention, is not only derelict in his duty to the community—he is a direct menace to the lives and property of all other citizens.

A RETURN TO FUNDAMENTALS

In an article on "Political Earthquake Weather" in the February Vanity Fair, Jay Franklin says that "new men, new times, new measures, new methods, new policies, new philosophies are on the way . . . Something is about to happen. It will happen in its own time and in its own way. For the first time in a decade we are in the grip of political forces which are bigger and stronger than any man, any party or any nation."

No one knows just what form this political earthquake will take. But it may not be too much to suppose that it will be a public revolt against the increasing tendency toward bureaucracy, against the swift rise of the job-holding dictator. Perhaps industries and individuals are at last growing weary of political tyranny.

In short, it may be that the political earthquake will have as its purpose a return to fundamental American principles of government.

SALEM FARMHOUSE DESTROYED BY FIRE

Two Salem Residents Die;
Boy Is Killed in Auto
Accident

The farm house of Mr. and Mrs. Andrew Fennema burned to the ground Friday evening, about 5:45, when Mrs. Fennema accidentally used gasoline instead of kerosene to start a fire in the kitchen stove. Mr. Fennema, the four boys and little girl were outside at the time, and Mrs. Fennema was unable to reach the phone on account of the flames, so that she had to drive to Salem to get assistance. The Antioch fire department responded, but was powerless to save anything. Large crowds gathered and helped protect the other buildings. Mrs. Fennema sustained burns on the hands and arms. Nothing was salvaged except the clothes they wore and the few cans of meat in the cellar. The people of the community are furnishing clothing and household furnishings, and the family is staying with relatives for the present. Mr. Fennema runs a milk route through the village, and the proceeds for the day also perished in the fire. They owned the farm located one mile east of Salem Center school house, formerly owned by Mr. and Mrs. Will Mutter. The house was built by Peter Mutter Sr. about sixty years ago.

Former Sufferers—Read
Their Words.

An example of Konjola's power is seen in the experience of Mr. E. M. Van Pelt, 438 N. E. First avenue, Miami, Fla., who says: "I was badly run down from loss of appetite and constipation. I could not work for weeks at a time. Harsh laxatives gave but temporary relief. I took five bottles of Konjola and my appetite returned to normal. Constipation was corrected and I rapidly gained in weight and vitality."

No less significant is the experience of Mrs. Albert Fred, 1100 N. 1st, Chicago, who says: "I was extremely nervous and lost weight and strength steadily. Rheumatism and neuritis bothered me and my stomach became weak. Konjola restored my stomach to normal and relieved the pain of rheumatism and neuritis. I gained 23 pounds and am in excellent physical condition today."

LAKE COUNTY Farm Bureau NEWS NOTES

CALL CONFERENCE TO DISCUSS PLANS FOR GIRLS' 4-H

As the Home Bureau is progressing very rapidly and it looks as though Home Bureau organization would be complete and a home advisor in the county by the middle of the summer, the Home Bureau organization committee has called a conference for all those interested in girls' 4-H club work, at the Farm Bureau office, at Grayslake, Tuesday, April 14, at 10 a. m., to discuss the method of procedure for girls' work with Miss Martha Hensley, district leader in girls' 4-H club work from the University of Illinois.

The county committee feels that it is time girls' work should be started, and they are anxious that all women interested in the work report for the session, which will continue from 10 a. m. until 3 p. m.

Reports Given At Farm Bureau Board Meeting

The board of directors of the Lake County Farm Bureau met at the Farm Bureau office at Grayslake Monday evening, April 6, for the regular monthly meeting.

E. Harris, of the tax committee of the Farm Bureau, gave an interesting report on the study they have made in connection with the taxes of the county.

The marketing committee report was made by Harry Mathews, who reported on the trip to the Chicago Producers' commission association of the union stockyards, and they urged that all farmers patronize their own farmer organization.

D. H. Minto gave the report for the insurance committee, concerning the progress of that project, and recommended that the board sign the new contract with Bertram Abney as general agent for Lake county for the next year.

H. C. Vial, director for the tenth and eleventh congressional districts, met with the board and told of the L. A. A.'s activities.

Clare Bradford, director of organization for the L. A. A. first district, laid plans for aiding the Farm Bureau in the future activities of the organization.

The report of the 4-H club committee was read by Earl Kane, chairman. It reported very good progress in boys' 4-H club work, with twenty-five leaders and assistants lined up in different communities. They also reported that the enrollment was far ahead of that of last year at this time.

ANOTHER EXAMPLE OF FORD VALUE

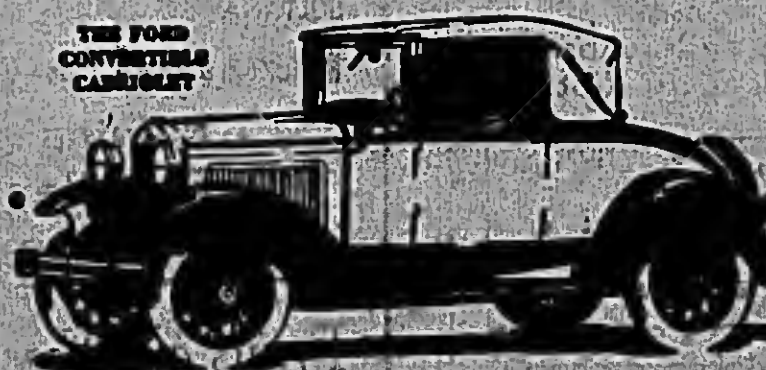

**Bright, enduring
RUSTLESS STEEL is used
for many exposed bright
metal parts of the Ford**

WHEN YOU BUY a Ford you buy enduring beauty.
The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life—in the richness of its finish and upholstery—it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

**LOW FORD PRICES
\$430 to \$630**

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.)

High School Voters!

PATRONS SUPPORT PRESENT BOARD

Write in Jean Ferris

Through influences not generally understood, one of the candidates for the High School Board was persuaded to withdraw his name after his petition was filed and after it was too late to file a petition for someone else, thus eliminating competition.

This condition deprived the voters of their right to choose between candidates. Due to this fact and due to the fact that it was felt that a majority of the voters are not in accord with the platform of the supporters of Mr. King, a group of fifty patrons from various parts of the district met at the high school Saturday night and decided to support JEAN FERRIS as a candidate.

It will be necessary to write the name on the ballot. In accordance with the wishes of this group and in accordance with the wishes of the present board, don't forget to mark the three crosses for

☒ F. O. HAWKINS

☒ HELEN OSMOND

We are submitting information supporting the present administration. Figures were checked by Jess Denman, W. F. Ziegler, and Frank Dunn.

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 5.

The Golden Text was, "The things which are seen are temporal; but the things which are not seen are eternal" (II Cor. 4:18).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: but lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also" (Matthew 6:19-21).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christhood causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light" (p. 458).

TO HIGH SCHOOL VOTERS:

So much propaganda has been put out regarding the high school election Saturday that the main issue has been lost sight of. My contention is—That the taxpayers of this district should have an opportunity of voting for a candidate not selected by the existing board or their advisor. By their own statement in a recent letter a committee has furnished you a sample ballot marked in accordance with the wishes of the present board. Others who have become candidates against the wishes of the existing school boards have met with determined opposition and have been defeated. If there had been a determination on my part to **destroy the high school**, (as some would have you believe) a full ticket of three names would have been filed. Mine was the first petition filed, and that only after one of the retiring members of the board had announced that he would not be a candidate for re-election.

Figures have been cited to show that the school Tax Rate is being reduced. This is a natural sequence as bonds are being retired each year, automatically reducing the interest charges. I believe it possible to make even further reductions.

Other figures have been quoted drawing comparisons. These are not to be considered too seriously as they are comparisons of a selected list of schools; not of all the schools in the conference.

I have made no personal accusations whatever and if elected would be perfectly free to use my own best judgment in representing the voters.

Think it over seriously before you vote. The verdict is yours.

Easter Church Attendance is Unusually Large

Antioch churches were well filled at the Easter morning services, the entire attendance estimated at about a thousand, and more than the usual number were present at the Holy week services.

Sixteen John M. E. Church. Sixteen persons took the oath of membership to the Methodist Episcopal church at the Easter morning services before a record breaking attendance of about 300. The Rev. Philip T. Bohl, who urged all to accept the teachings of Jesus, and allow Him to enter their hearts, whether or not they were able to believe the Gospel. He was deeply pleased with the response, not only on Sunday, but at the Holy week services.

The attendance at Sunday school also set a new mark of 203, which exceeded the previous record of 185, made when J. C. James was Sunday school superintendent.

The generous donation of 72 dozen eggs is being sent to the Wesleyan Memorial hospital in Chicago and to the Lake Bluff orphanage.

The cantata, "The Thorn-Crowned King," by Fred Holton, which was beautifully presented by the choir in the evening, completed the Easter rejoicing.

Two Hundred Take Communion.

Total attendance at the masses conducted at St. Peter's church reached 450, according to the Rev. Dan Fawcett, who expressed himself as greatly pleased. The greatest number attended the first mass, when 200 took communion. Father Provara, of the Mundelein seminary, preached the high mass. Special Easter mass music was provided by the choir. The novel feature of the day was the new repository of white silk, wherein the blessed sacrament lies, surrounded by lilacs and lights. It is claimed to be the finest in this section of the state.

The Holy Hour Thursday was conducted by Father P. Phelan, Oblate Father from Buffalo, N. Y. Passion services, Friday were held by Father Beismaster, professor of Latin at the Quigley preparatory seminary, Chicago.

St. Peter's church services will be conducted on Daylight Saving Time from April 26 through the summer.

Special Program Enjoyed.

A special Easter program instead of the church school at the Episcopal church Sunday, followed by holy communion and sermon, drew a fine attendance. Another holy service was held at 7:30. An Easter party was enjoyed by the children at the parish hall Monday afternoon.

Holy week was observed by 3-hour devotions from 12 until 3 o'clock Good Friday.

Christian Science church members also report a larger number present than usual.

STATEMENTS BY Mr. and Mrs. Warren J. Robinson

I am taking this opportunity to inform the public that my withdrawal as a candidate for member of the high school board was made of my own accord. No persuasion was used. Upon thorough investigation I decided that I would rather support Mr. King than run in opposition to him. I think he will make a good board member.

WARREN J. ROBINSON.

I would like to have the public know that I was not a member of the Executive Committee appointed at the high school meeting of April 4, nor was my signature attached to any letter. I have been and still am a supporter of Mr. King for the office of High School Director.

MRS. WARREN J. ROBINSON.

THREE SCHOOL ELECTIONS SATURDAY

(Continued from first page)

Present interesting and enlightening information in the form of paid advertising in this edition of the News.

The polls will be open from 12 o'clock noon until 7 p. m.

Elect Three for Grace School. Samuel E. Pollock, Antioch florist, and five years president of the grade school board, is up for re-election. For board members the ballot carries the names of Elsie Pierce (Mrs. Roy Pierce) and L. O. Strang.

Mr. Strang is just completing a very satisfactory 7-year tenure of office and is now up for re-election. This is Mrs. Pierce's first candidacy for office. She is on the ballot to succeed Mrs. Lillian Williams, who is retiring voluntarily from the board.

Many changes have been witnessed during the time the present members have been in office. There has been added considerable territory to the district, and the property of the school has been doubled in area, a new modern school has been erected, and the number of teachers increased from five to eleven.

The balloting will be from 5 to 8 p. m.

Two Candidates for Trustees.

There are two candidates for township school trustee—Otto S. Klass and W. E. Drom, who are candidates to succeed Richard Kaye whose term expires. Mr. Kaye is retiring on account of his advanced age. The voting will take place at the high school between the hours of 12 noon and 6 p. m.

Township school trustees are three in number, being elected in rotation, one each year to serve a 3-year term. The holdovers are H. D. Mlot and Henry Grimm.

Judges will be Mrs. W. W. Warriner, Mrs. G. E. Phillips and Ralph Clabough.

The Antioch township high school baseball team will play the first game of the season with Wauconda here at the ball park tomorrow afternoon. Five of the conference teams have baseball teams this season—Gurnee, Elia, Loyden, Antioch and Wauconda.

Mrs. L. R. Van Patten treated the members of the fifth grade to Easter favors Thursday afternoon before school was dismissed.

The sixth grade has planted a miniature garden, with several neat rows for the purpose of observing the sprouting seed and the development of the plants for nature study. When the plants have grown large enough, the children will transplant them in their home gardens.

AMUSEMENTS

KENOSHA THEATRE

Suppose a policeman, coming suddenly on a scene of violence, sees the closest pal of a lifetime in the act of committing a crime. What should he do? He knows the law and his sworn duty. He knows the strong bond of friendship that exists between him and the law-breaker. He knows how his superiors would decide the question, and how public opinion would be arrayed in judgment.

But he is still held by the instinct which commands him never to betray a friend. He wants to be loyal to his buddy. He wants to live up to the oath he has taken. That situation confronts one of the characters in the Columbia picture, "The Last Parade."

Jack Holt, in the leading role, portrays the policeman's pal. The blue coat is played by Tom Moore, and the girl, loved by both men, is characterized by Constance Cummings. Gaylord Pendleton has the part of a newspaper reporter and Robert Ellis is a racketeer.

She attended the Randall district and Libertyville high schools. Following a business course at the Kenosha college of commerce she taught several years in Randall and Salem townships.

She was married to Arthur G. Pacey June 5, 1906, and together they built up one of the model farms in the community, until his tragic death April 8, 1925, forced her to assume all the responsibilities of the family and business. She took a vital interest in all community projects.

RUNNING WATER for the HOUSE and BARN

AN electric water system costs but a few cents a day to run—and brings running water to the farm home, the barns and the dairy. No longer is the tedious job of pumping and carrying water necessary. Water is delivered automatically to its point of use and is available at all times.

In the farm home, woman's work is far easier when she has only to turn a faucet for all the water she needs.

Electric water pumping makes it possible to have individual drinking cups for cows in the stalls—a good method of increasing milk production.

Electric water systems for both deep and shallow wells are inexpensive. No other small investment saves so much time and labor. Call or write your nearest Public Service Store for complete information. No obligation.

Best of all, it costs you no more than the ordinary kind!

Now you can be safe once and for all against motor ills and damage caused by gasoline that knocks. Shell acts to give you the kind of gasoline your car ought to have—at the lowest possible price. In the interest of low cost driving, Shell pioneers this great step forward in motor fuels.

You may be getting the kind of gasoline your engine should have. But millions, as this chart will prove, are putting up with poor motor operation, getting less power and facing higher repair bills than they should—due to incorrect gasoline.

Make a test of New Improved Shell 400. Try one complete filling of it—at least 10 gallons. Ask about the nation wide mileage test. Enter it, today.

HintsIS THERE A
COOKIE JAR IN
YOUR CUPBOARD?It Takes Little Time to Mix
Up the Cookies the
Kiddies Love

Times do change, don't they? Time was when a child was certain that every home contained a cookie jar, just as his own home did. When he went visiting there was something wrong if a cookie or two was not forthcoming.

With bakery goods now within the reach of every housewife, the necessity of a weekly baking orgy is past. However, to satisfy the hungry demands of growing children on "boughten" cookies proves rather expensive. Since homemade cookies are not overly rich, requiring no frosting, they may safely be included in the lunch box.

Cookies fit admirably into almost any menu—and they are especially welcome when served for afternoon tea; as dessert; or along with fruit salads, custards, puddings, or ice cream. Following are several excellent recipes:

Cocoanut Jelly Jumbles.
1/2 cup butter
1/2 cup sugar
2 beaten egg yolks
Fow grains salt
1/2 teaspoon almond
1/2 cup more of sugar
1 1/2 cups flour
1 teaspoon baking powder
Currant jelly
2 beaten egg whites
Mix ingredients together smoothly in order listed. Make into balls with hands. With thumb, make depression in each ball and fill with jelly. Sprinkle with cocoanut and bake ten minutes.

Peanut Butter Cookies.
1/2 cup butter
1/2 cup sugar
1/2 cup peanut butter
1 cup flour
2 teaspoons baking powder
2 eggs
1 1/3 cup milk
Cream butter and peanut butter, add sugar and egg yolks. Sift flour and baking powder, and add alternately with milk. Fold in stiffly beaten egg whites. Drop from teaspoon on greased baking sheet, and bake at 350 degrees for ten minutes. Makes three dozen cookies.

FIGURED FROCKS LEAD

Plaids, floral patterns, checks and stripes in the smartest prints of this spring are found in the latest bulletins of new frocks. The bolero, the tunic, the peplum, new necklines, and short or long sleeves are among the fashion details. Real silks, however, cling to monochrome colors. The model of dark blue with light green and yellow figures, illustrates a new skirt flare, a divided top, and a very unusual neckline. It is particularly appropriate for all street and office wear, as many chic, though busy, ladies will readily perceive.

These frocks may be inexpensive; some of the cutest ones are found on cheap counters. Have one placed near the radio, one near the favorite chair of the man in consideration, one in the kitchen, if he is in the habit of loitering there, in the bedroom, if he must smoke in that room, and in the bathroom.

Not only your husband, or sons, but their friends will be appreciative if an ashtray is ever handy, and should be reasonable enough to make use of them.

Rice Flake Cookies.
1/2 cup butter
1 cup sugar
2 eggs
4 tablespoons milk
1 1/2 cups rice flakes
1 cup raisins
1 cup walnut meats
2 cups flour
1 teaspoon soda
Small amount salt
Vanilla or nutmeg for flavor
Cream together butter and sugar, add eggs, well beaten. Then add milk, rice flakes and raisins. Sift soda with flour and mix with walnut. Put all together and drop by teaspoons on well-buttered baking sheet. Bake about ten minutes in moderate oven. These cookies are delicious with fruit salads or desserts. This recipe makes four dozen small cookies.

Apple Butter Drop Cookies.
1/2 cup butter
1 cup sugar
1 well beaten egg
1 cup apple butter
1 teaspoon soda
1 1/2 cups flour
1 teaspoon salt
1/2 cup nut meats
1/2 cup raisins
Beat 2 eggs well. Gradually add 1 cup of brown sugar, and continue beating. Add 1/2 cup flour sifted with 1/3 teaspoon salt and 1/4 teaspoon baking powder. Add 1/2 cup nut meats and 1/2 cup rice flakes. Fill buttered muffin tins half full of the mixture, and bake in a moderate oven for fifteen minutes. Serve sprinkled with powdered sugar.

An Ashtray Here
And One There Will
Collect All Ashes

The plaint of modern housekeepers—garage ashtrays. Our mothers and grandmothers had to contend with a certain amount of loose tobacco occasionally applied, or a heap of ashes from a pipe accidentally overturned, but today it is a continuous round of endeavoring to remove the traces of the ashes ground into the carpet, or floating over the tables and chair arms.

It seems that men simply won't stir themselves to discard their ashes and stubs into any receptacle not within arm reach. The remedy instantly suggests itself: Keep an ashtray within reach.

This might be made a fascinating task, if begun in the collector's spirit. First the decorations and the furnishings of the room must be considered, then the kinds of ash trays which will harmonize or strike the needed contrasting note.

These ashtrays may be inexpensive; some of the cutest ones are found on cheap counters. Have one placed near the radio, one near the favorite chair of the man in consideration, one in the kitchen, if he is in the habit of loitering there, in the bedroom, if he must smoke in that room, and in the bathroom.

Not only your husband, or sons, but their friends will be appreciative if an ashtray is ever handy, and should be reasonable enough to make use of them.

Marguerites.
Beat 2 eggs well. Gradually add 1 cup of brown sugar, and continue beating. Add 1/2 cup flour sifted with 1/3 teaspoon salt and 1/4 teaspoon baking powder. Add 1/2 cup nut meats and 1/2 cup rice flakes. Fill buttered muffin tins half full of the mixture, and bake in a moderate oven for fifteen minutes. Serve sprinkled with powdered sugar.

Genuine Manliness
Is Encouraged By
Understanding DadsImportant Events May Be
Happening While Your
Boy Is Playing

With the many organizations, the Boy Scouts, Y. M. C. A., and others more local, to guide boys right and train them to be fearless, intelligent, upright citizens, there is no excuse for tolerance of bullying, recklessness, non-co-operation, perversity, deliberate neglect of studies—matters which some parents lightly disregard with an "Oh, he's just at that age," or a laughing "He likes to do things his own way, we have to humor him."

Probably the greatest factor in the failure of parents to rear their boys correctly is that of misunderstanding. Many fathers and mothers are not close enough to their boys to be able to speak easily about these matters. Some hesitate because they fear making their children different or silly-like, and still others, because they believe that bullying is the way to get what is wanted from life.

Manliness is entirely apart from bullying. Real boys and parents are happy in their mutual faith.

Growing Up.
"What's Jim doing, Edna?"
"Nothing. He's out playing."

"Nothing. He's out playing." The boy's mother replied as she looked across the room at her husband.

It was true that Jimmy Edmund was out playing. But in saying that he was doing nothing, his mother had unintentionally made one of the gravest mistakes of her life.

At that very moment Jim was making a decision—meeting one of those frequent and far-reaching crises of boyhood.

"I'll punch your nose if you don't let him alone. He's littler than you," Jimmy was saying in a voice not exactly carefully modulated.

"Oh, yeah?"

"I guess you heard me. You let him alone. Run on home, Billy. I'll see that you're safe." And all the while clenched fists gesticulated and pairs of defiant eyes glared into each other.

The aggressor snuffed and walked on up the street. Evidently there was to be no bloodshed.

"Thanks, Jimmy, you're a peach. You didn't need to run the chance just to protect me."

"Chance—that wasn't no chance. I could lick him with one finger."

"Sure you could. But just the same it'd be a hell of a lot if you hadn't jumped in."

"That's nothin'. Nothin' at all! You will know just how easy it is when you're as big and as strong as me."

Jimmy whistled as he ambled down the street. He felt quite a thrill of satisfaction down inside. He was glad he had stepped in to defend a small boy from a bully.

He carried his head up and his shoulders back as he slammed the door, flung his cap half-way across the room and successfully caught it on a hook.

"What have been doing, Jimmy?" his mother asked.

"Nothin'—just playin'." her son replied modestly.

"You're surely growing, son," the boy's father observed as he looked up from his paper.

"Yeah." Jimmy thought of the episode of 10 minutes before. "Guess I am."

But the father never knew how nearly he had hit the nail on the head. (Copyright, 1931, Guidance of Youth Bureau)

TOPPY'S TRAVELS

Synopsis: Toppo leaves home to follow his canary. After many adventures, he and his friends, Mr. Frog and Toy, the dewdrop, cause the Cushions to fight the Pillows. Thus they hope to rescue their Cloud-Queen, whose land is invaded by the Pillows. Toppo and Mr. Frog finally reach their Queen, through a tunnel. They all go back to a pool which gives the Queen secret knowledge. Continue.

Toppo wondered what easy way the Queen would find to get to the top of the pool. He soon found out, for the Queen commanded, "Toppo and Mr. Frog, take hold of my hands."

They started floating slowly upward, dragged by the Queen, but there was no effort. If he hadn't been so terribly hungry, Toppo felt that he could have enjoyed himself. The water about them was smooth against him, and felt like the caress of the dress that Nancy had made for her doll.

Their heads broke through into the air, and at once Toppo noticed that the flowers bending over the pool were like the rainbows at the bottom.

"Oh, it seems so good to be back here," sighed the Queen.

"It is about time we had nourishment," she explained, as she and the two Maidens began to sip the molten and color from the flowers. "We seldom need anything, but we cannot go on forever. I must soon send for the other Maidens. You see, I couldn't bring them all this time, because there is not enough room in the pool."

Toppo watched her admiringly, while he and Mr. Frog also found food. "This is a pretty place," the boy remarked, lying sleepily on the grass. "I could live for a while on fruit."

"I guess you will have to," drawled Mr. Frog.

"Why?" Toppo demanded.

"There are still a few guards lingering around, who might be dangerous."

If You Have a 'Brisket Budget'
These Meat Menus Will Appeal

By JOSEPHINE R. GIBSON
Director, Home Economics Dept.,
H. J. Heinz Company

EVERYONE who has the task of planning family meals knows how monotonous the meat dishes can become if the same one is served too frequently. Yet, the success of a dinner featuring meat depends less upon mere cost than does virtually any other type of meal. One of the most encouraging points about meat cookery is the fact that a little ingenuity employed in seasoning and preparing even the cheapest cuts will afford a pleasing variety of highly palatable dishes.

These savory meat dishes, whose success is assured by their seasoning—may take a variety of forms. Some housewives prefer the "One dish" or "Oven dinner" type, where the ingredients are prepared several hours in advance of the meal and then subjected to long, slow cooking. Other, in favor of the quickly-cooked style, that may be prepared and all ready to serve in considerably less than one-half hour.

Whatever type you may prefer, the number of such meat dishes is almost endless. Simply provide your pantry with a variety of such condiments as Tomato Ketchup, Chili Sauce, Worcestershire and Beateak Sauces, Prepared Mustard, etc. Then see how pleasurable it is to work out a host of delicious dishes that will delight the entire family. Below are just a few tested recipes that will show you the possibilities for serving delightful meals on even a brisket budget.

Braised Beef with Vegetables: 1 lb. beef; 1/2 lb. carrots or shoulder; salt and pepper; 1 cup diced carrots; 1 cup diced celery; 1 cup diced onions; 1/2 cup Tomato Ketchup; whole water; 1/2 cup Tomato Ketchup; whole water.

Sprinkle beef with salt and pepper; dredge with flour, and brown quickly in fat. When turning the meat, avoid piercing it with the fork, as this allows the juices to escape. Place in a casserole or deep pan and add carrots, celery, onions and turnips. Mix hot water with Tomato Ketchup and pour most of this liquid around the meat and vegetables. Cover closely and bake for 2 hours in a slow oven—225 degrees F.—basting every half hour with the remaining liquid. Turn the meat over once during baking. During the last hour whole potatoes should be placed around the meat, sprinkled with salt and

pepper, and baked until tender. When finished, the vegetables and meat are surrounded by a rich, tomato-colored sauce, and both meat and vegetables are tender and savory.

Quick Chili Con Carne: 1 pound beef; 1 tablespoon butter; 1 onion, chopped; 1 medium can corn; 1 can Kidney Beans; 1 small can Cream of Tomato Soup; salt to season; (small amount of Chili Powder, 1/2 teaspoon); Brown beef in a skillet with butter and onion. When the meat is browned, add Kidney Beans, Tomato Soup, and salt to season, and cook for 15 or 20 minutes, stirring occasionally. A small amount of Chili Powder may be added if desired. Serve with boiled rice or baked potatoes.

Veal Birds: 1 1/2 lb. veal cutlet, sliced; bread or cracker crumbs; salt and pepper; onion juice; Worcestershire Sauce; 1 beaten egg; 2 tablespoons Tomato Ketchup.

Cut veal into pieces about 4 inches long and 2 inches wide. Chop the trimmings from the meat, and add to them an equal quantity of chopped bacon and bread or cracker crumbs. Season lightly with salt, pepper, onion juice and Worcestershire Sauce, moisten with beaten egg and spread each piece of meat with this mixture. Then roll and tie with a piece of cord or fasten with small wooden skewers. Sprinkle with salt and pepper, roll in flour and fry in a skillet in hot butter until a golden brown. Add cream or this white sauce to half cover the meat, stir in Tomato Ketchup, cover, and simmer or bake for about 20 minutes. Remove

the cords or skewers and serve each "bird" on a small round piece of toast, pouring the sauce from the pan over the top.

Stewed Steak: Round steak, cut thick; 1/2 cup Tomato Ketchup; 1/2 cup water; 1/2 cup onion; 1/2 cup green pepper, chopped fine.

Add the salt and pepper to the four and pound into the meat. Brown in a skillet with the fat; then add the onion, green pepper, boiling water and tomato, cover closely, and simmer slowly until done. This may be cooked in a casserole in the oven or in a skillet on top of the stove.

Beefsteak Pie: Cold steak or roast beef; 1/2 cup Tomato Ketchup; 1/2 cup onion; 1/2 cup green pepper, chopped fine; 1/2 cup water; 1/2 cup flour; 1/2 cup salt; 1/2 cup pepper; potatoes.

Cut meat into one inch cubes. Cover with boiling water, add onion, Tomato Ketchup, Worcestershire Sauce, and cook slowly for 30 minutes. Remove onion, thicken gravy with flour to which cold water has been added, and season with salt and pepper. Add potatoes cut in 1/2 inch slices, which have been parboiled for eight minutes in boiling salted water. Put in a buttered baking dish, cover with baking powder biscuit dough or pie crust, and bake in a hot oven for 20 minutes.

Barbecued Lamb: 12 thin slices; 1/2 cup Tomato Ketchup; 1/2 cup onion; 1/2 cup green pepper, chopped fine; 1/2 cup water; 1/2 cup flour; 1/2 cup salt; 1/2 cup pepper; potatoes.

Reheat lamb in sauce made by melting butter and adding Vinegar, Currant Jelly, Mustard, and a little salt.

NASH

Quality Bodies for
Quality Cars

NASH employs the most advanced principle of steel, wood and composite construction—the same kind of construction used in bodies for the highest priced cars. Interiors are tailored in quality mohairs, whipcords, broadcloths or genuine leather. Seat springs are exceptionally deep and restful, while arm rests are so built as to afford unusual comfort. Interior and exterior hardware is executed in chaste design, complementing the body design as a whole. Insulation against heat in summer and cold in winter is of course provided. Come in—drive a Nash; but don't permit its remarkable performance to overshadow the equally notable excellence of its body.

Choose Chevrolet

six-cylinder trucks for low first-cost and unsurpassed economy

The economy of using Chevrolet six-cylinder trucks is an actual dollars-and-cents economy that shows up, month after month, on the balance sheet. It starts with a purchase price that is one of the lowest in the market for a complete unit. It continues throughout Chevrolet's long life with an operating cost that is unsurpassed.

Consider, for example, the cost-records of leading national organizations who use large fleets of Chevrolets. They prove

(1) That no other trucks of equal capacity give any better gasoline, oil or tire mileage than Chevrolet. (2) That the cost of keeping a Chevrolet in satisfactory running order is unusually low. (3) That Chevrolet trucks are exceptionally reliable and long-lived.

Today, Chevrolet's proved economy is available to buyers in every truck-using field. For Chevrolet offers a new line of quality bodies that includes a type for every hauling requirement.

ON THE HOTTEST DAY - A SIZZLING SCENARIO -

THEN WHY ARE YOU WEARING IT?

OH, JUST TO BE DIFFERENT, THAT'S ALL.

POZZIE and the CROCODILE

Kangy, my kangaroo pal, and Singoot, my monkey friend were cruizin' with me in th' schooner Lanui, th' skipper bein' Tops'l Barney, an old shipmate. One day, in th' China Sea, we were becalmed near a pretty island. So Kangy, Singoot and I decided to do a little explorin'. Soon's we landed, we headed into th' thick jungle. Well s'r, we'd just stepped out into a little open spot when out of a bunch of trees on th' other side of th' clearing came a roar.

We were wonderin' what was up when out of th' trees jumped an ape, and right after him a big, savage crocodile. I was pushed, for that ape was th' livin' image of Woogie, an ape that I had once made friends with when I had been cast away on an island in th' China Sea. By gawd! It came to me then that this must be th' same island, and that th' ape was really

Woogie, my old pal! And that dodgasted crocodile was tryin' to catch him to make a meal of him!

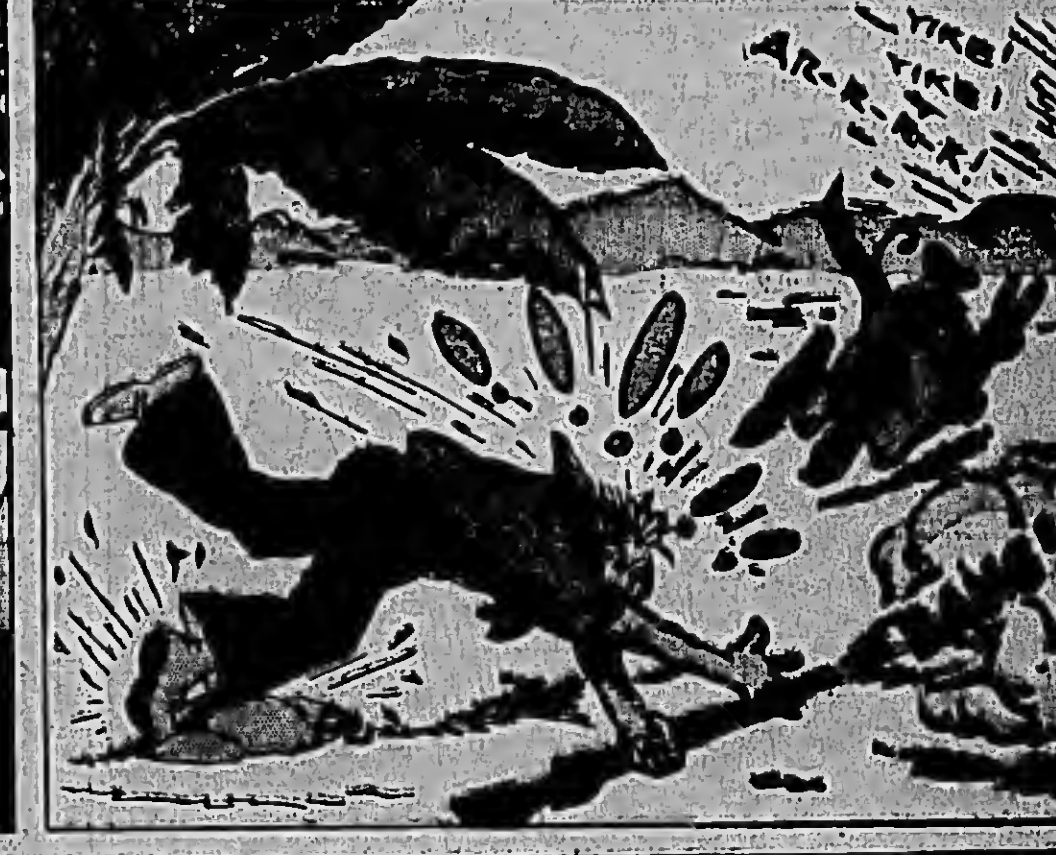

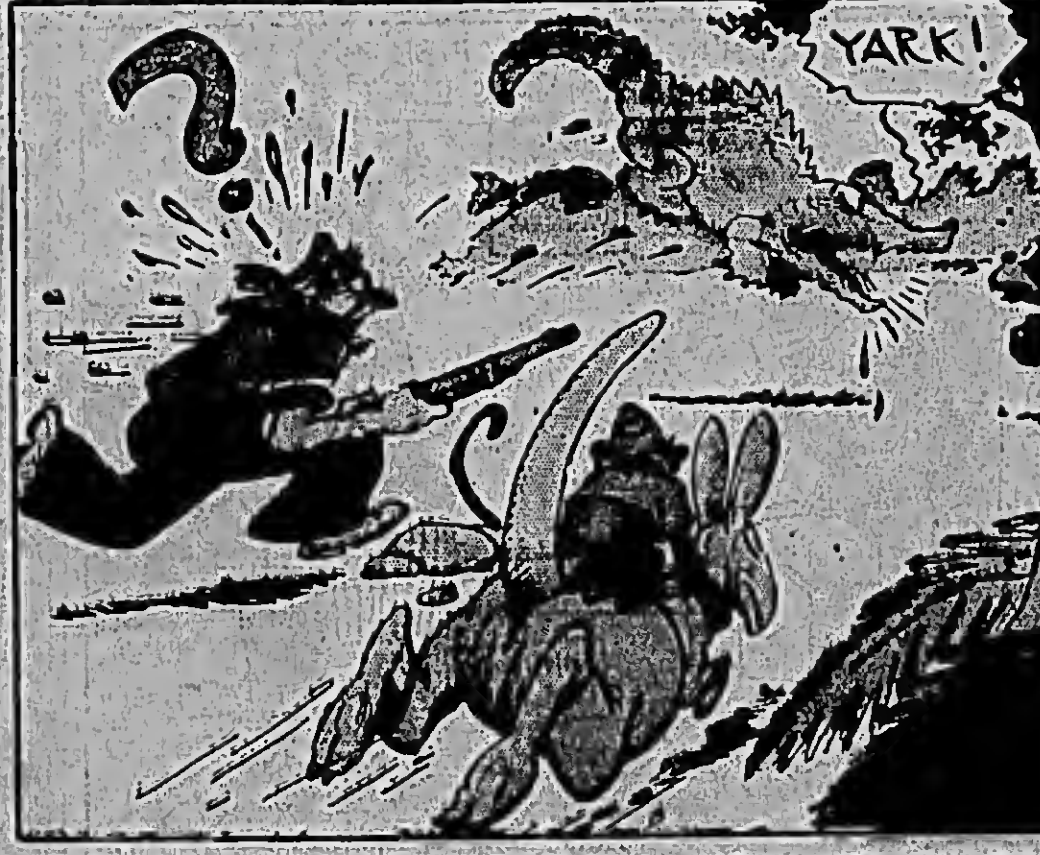

With my gun ready, and Kangy and Singoot by my side, I tore after that crocodile. Woogie wasn't goin' to be gobbled up by that ugly critter if I could help.

Then we saw th' crocodile, just about to pounce on Woogie. I was liftin' my gun to shoot th' critter when I tripped on a rock and bang when my gun. When I got th' dirt out of my eyes and looked around I'll be dingbust if Kangy, Singoot and Woogie didn't have that crocodile pinned to th' ground. I cut a piece of tough vine and in a jiffy we had him tied so tight he couldn't grunt. Woogie was so glad to see me again that he danced around and almost cried. Later we hitched th' crocodile to th' boat and made him tow us for a long ride
